

## **REQUEST FOR ACTION**

**To:** Susan Markie, Chief  
Permitting & Assistance Branch  
Waste Permitting, Compliance & Mitigation Division

**From:**   
Kevin Taylor, Manager  
Permits & Assistance North Section  
Permitting & Assistance Branch

**Request Date:** January 15, 2016

**Decision Subject:** Concurrence on Proposed Revised Full Solid Waste Facilities Permit for L & D Landfill, Sacramento County, SWIS No. 34-AA-0020

**Action By:** January 22, 2016

-----  
**Summary of Request:** This is a request that the Branch Chief take action on a proposed Solid Waste Facilities Permit for the L & D Landfill, SWIS No. 34-AA-0020, located in Sacramento County. Staff's findings and recommendations are provided relative to the proposed action.

The proposed permit was initially received on July 16, 2015. On August 31, 2015 the operator submitted a request to the LEA to waive time per California Public Resources Code, Section 44008 and 44009 to allow time for California Environmental Quality Act (CEQA) compliance. On September 2, 2015 the LEA submitted an email to Department staff requesting withdrawal of the proposed permit. On September 3, 2015 Department staff returned the proposed solid waste facilities permit to the LEA. Subsequently, a new CEQA document was adopted by the LEA and a new proposed permit was received by Department staff on October 14, 2015. On December 8, 2015, the operator submitted a second request for the LEA and CalRecycle to waive time for consideration of the proposed permit until December 31, 2015. On December 22, 2015, the operator submitted a third request for the LEA and CalRecycle to waive time for consideration of the proposed permit until January 22, 2016. On January 11, 2016, the LEA submitted a new version of the proposed permit to reflect RSDI revisions, updated Closure Financial Assurance Documentation and Operating Liability Certification and a correction to the date of adoption for the 2015 Negative Declaration. Action must be taken on this permit no later than January 22, 2016. If no action is taken by January 22, 2016 the Department will be deemed to have concurred with the issuance of the proposed revised SWFP.

**Recommendation:** Based on our review of the submitted permit package, staff recommends the Branch Chief concur with the issuance of the permit. All of the required submittals and findings required by Title 27, Section 21685 have been made and the required CEQA findings have been made in support of concurrence. These findings are summarized in the table found in the Permitting and Assistance Branch Staff Report attachment. The documents on which staff's findings are based are in the facility files. Details on the findings are presented in more detail in the attached Permitting and Assistance Branch Staff Report.

-----  
**Branch Chief Action:** On the basis of the information and analysis in this Request for Action and the findings set out in the Permitting & Assistance staff report, I concur in the issuance of the Revised Full Solid Waste Facilities Permit for the L & D Landfill, SWIS No. 34-AA-0020, as proposed.
